SPEED OF TRUST FORUM

Available as a private forum and offered once a year as a public forum.

This one day forum, which benefits both individuals and teams, is based upon Franklin Covey's "Speed of Trust" curriculum. As Franklin Covey's team and others have noted, we have entered a "Collaborative Economy." Trust always affects two measurable outcomes – speed and cost. When trust increases, so does productivity, which leads to lower costs. Those who are trusted and collaborative are also more likely to increase sales and win the best projects.

Participants will be oriented to the core competencies for The Speed of Trust. They'll be equipped with powerful and practical leadership tools for the case for trust:

- Self Trust
- Relationship Trust
- Participants will take self-assessments in both Self & Relationship trust.
- An action plan for development and improvement will be created.
- Role-play the 13 behaviors of High Trust

Forum Fees

The fee for the Speed of Trust forum is $500 per participant. The fee covers tuition, curriculum materials, lunch and parking. Payment is invoiced and due in full prior to forum commencement.
