

GOVERNANCE FORUM

Available as a private forum for your team and as a public forum in some calendar years.

The Governance Forum is designed for members of boards of directors (and boards of trustees or boards of advisors), as a vehicle for improving the performance and effectiveness of individual directors and boards as a whole. This three-day Forum is a comprehensive program that assists individuals in assessing their key knowledge, skills and abilities, and forming a plan for their own development, and the development of their board.

Forum Objectives

- Assessing directors' knowledge, skills, and abilities, identifying strengths and weaknesses, and preparing development plans.
- Introducing governance principles and tools for post-forum application in participants' own boards of directors, trustees, and/or advisors.
- Practicing governance through real-world case studies, vignettes, director interviews, and other experiential learning processes.
- Providing resources for post-forum learning and application.
- Networking with Governance Forum and other Center alumni for ongoing learning and development opportunities.

Forum Fees

The fee for the Governance Forum is \$2,750. The fee covers tuition, materials, and meals. Nonprofit organizations receive a 20% discount. Individuals and small or early stage organizations interested in attending an Anderson Center forum, with limited ability to pay, should inquire about scholarship opportunities.
